VICE-PRESIDENT COMMONS COMING TO PENSACOLA

WHERE HE WILL REPRESENT THE STREET RAILWAY EMPLOYEES IN THE SIGNING OF A NEW AGREEMENT WITH THE COMPANY.

Ben. H. Commons, of New Orleans, vice-president of the International Association of Street Railway Employees, will reach Pensacola this morning from his home, and will represent the local street railway men in the signing up of a new agreement.

There has been some disagreement between the men and company as to the scale of wages, and so far they have been unable to reach an arrangement whereby both parties would be satisfied. The local men telegraphed to the international president recently asking that he come to Pensacola, or else send some party who would represent the men in the transaction with the company. A wire was received in reply yesterday afternoon that Mr. Commons, who has been prominent for a number of years in street railway affairs, would reach Pensacola Tuesday morning prepared to make a settlement or adjustment of the threatened trouble.

The old contract with the company expired at a recent date, and since then the men and company have been unable to come to terms upon the new contract which is to be signed.

The company is willing to give 16 1/2 cents an hour, an increase over the former scale, but will not do so unless an agreement for at least three years is signed up.

The men, from all accounts, are willing to sign the agreement for three years, but want a scale of 18 cents an hour. They further want the date of the pay day each week named by the company, and furthermore insist upon the incorporation of other rules which have formerly been in force for a number of years.

It is expected that Vice-President Commons will be able to straighten out the difficulties, and that an amicable adjustment will be reached.

One year ago, and a dozen persons constituted the force in the laboratory of Bitter Apple Bitters. To-day and there are upwards of 100 persons employed directly and indirectly. The rapidly growing demand has brought about this wonderful transformation, and the demand springs from the merits of the remedy as proven by actual tests.

SAID HE FELL OVERBOARD FROM PALAFOX WHARF.

G. F. Farmer, a white man, was taken into custody last night by Police Officer Schmitt and sent to the police station for safe keeping. The officer found the man at the corner of Palafox and Government streets. His clothing was soaked with water and he was shivering with cold. Upon being questioned the man gave his name and stated that he had walked overboard from Palafox wharf.

The Diamond Cure.

DEATH OF DR. J. A. BROSNAHAM

ESTIMABLE CITIZEN PASSED AWAY YESTERDAY AFTER A LONG ILLNESS.

Dr. John A. Brosnaham, one of the most highly esteemed and respected citizens of Escambia county, passed away yesterday morning at his home on Stoddard's avenue, after an illness covering a period of several months. His life had been despaired of for some days, but nevertheless the shock to the family was a severe one.

The friends of the aged physician were pained when the news of his death reached the city from his home. They were prepared, however, as his physicians several days ago saw that with the company. A wire was received in reply yesterday afternoon that Mr. Commons, who has been prominent for a number of years in street railway affairs, would reach Pensacola Tuesday morning prepared to make a settlement or adjustment of the threatened trouble.

The old contract with the company expired at a recent date, and since then the men and company have been unable to come to terms upon the new contract which is to be signed.
